

Instruction on informative Annex ZZ in harmonised standards in support of ATEX Directive 2014/34/EU under M/596

1. In case a given essential health and safety requirement is applicable to the ATEX product falling under the scope of this standard but is not covered by it, this shall be indicated in the "Remarks / Notes" column of the Annex ZZ table with the expression 'not covered'.
2. In case a harmonised standard does not mitigate major risks identified after an exhaustive analysis, which relate to one of the essential health and safety requirements it aims to cover and which apply to the products falling under its scope, this shall be indicated in the "Remarks / Notes" column of the Annex ZZ table with the explanation which major risk(s) is not mitigated
