

# Matrix of different possibilities

**TB action:**

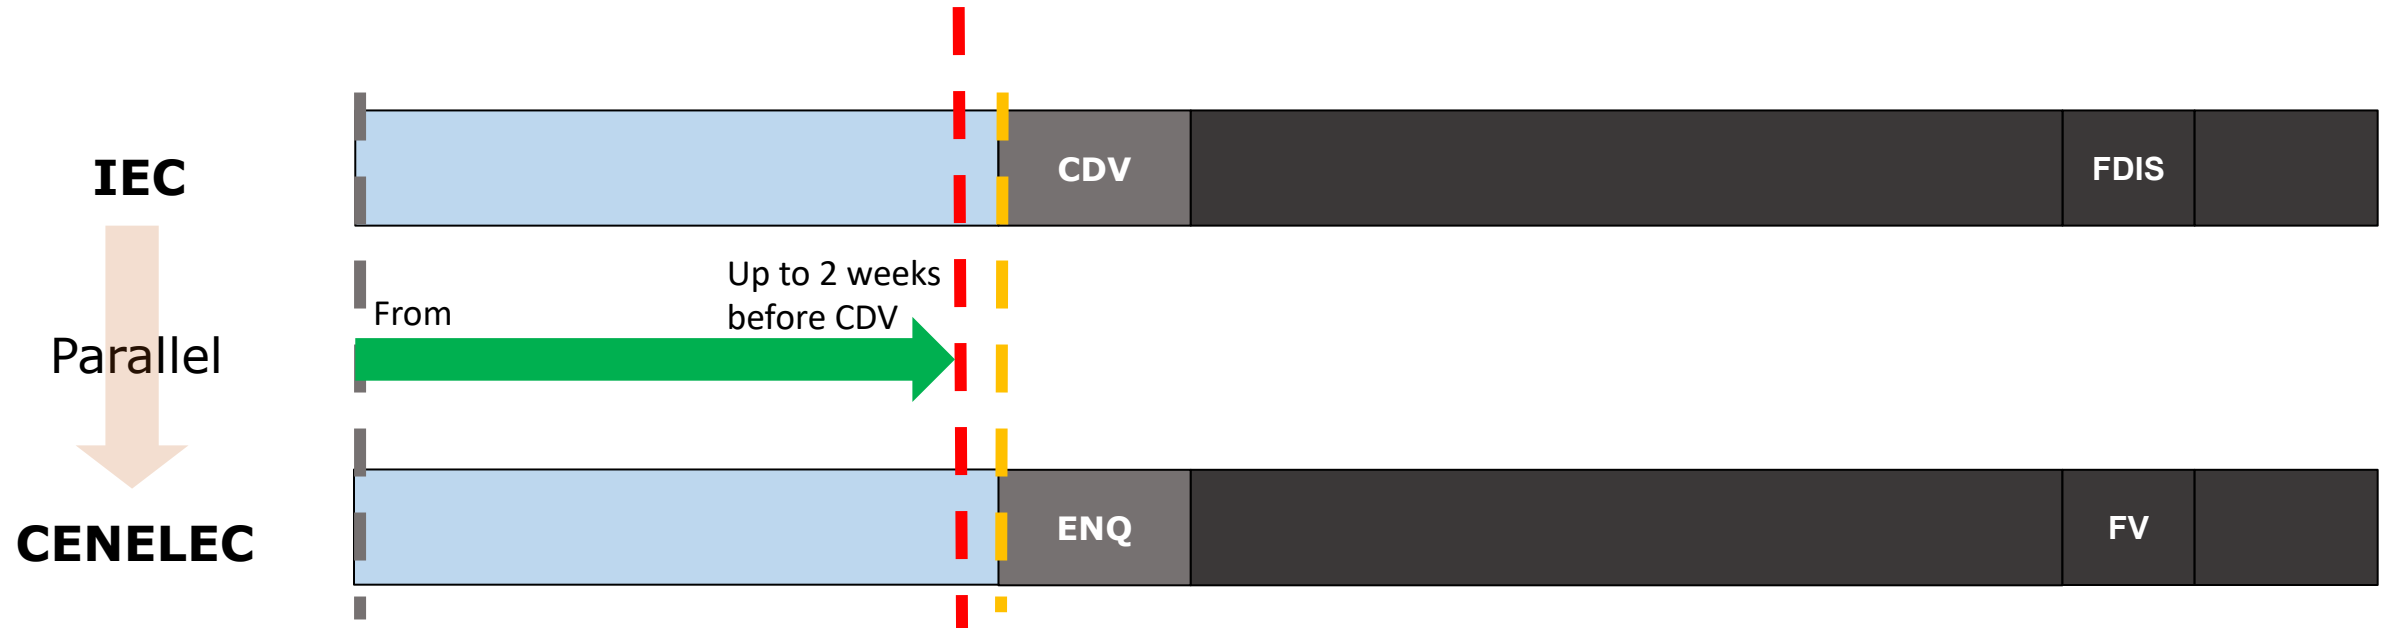

- Notification to CCMC for creation of a Project for Amendment (A1x)
- No NWI procedure necessary

**CCMC action:**

- Creation of Project for Amendment (A1x) in database

**Steps**

NWI preparation (CENELEC -IEC based)	At the latest 2 weeks before CDV
--------------------------------------	----------------------------------

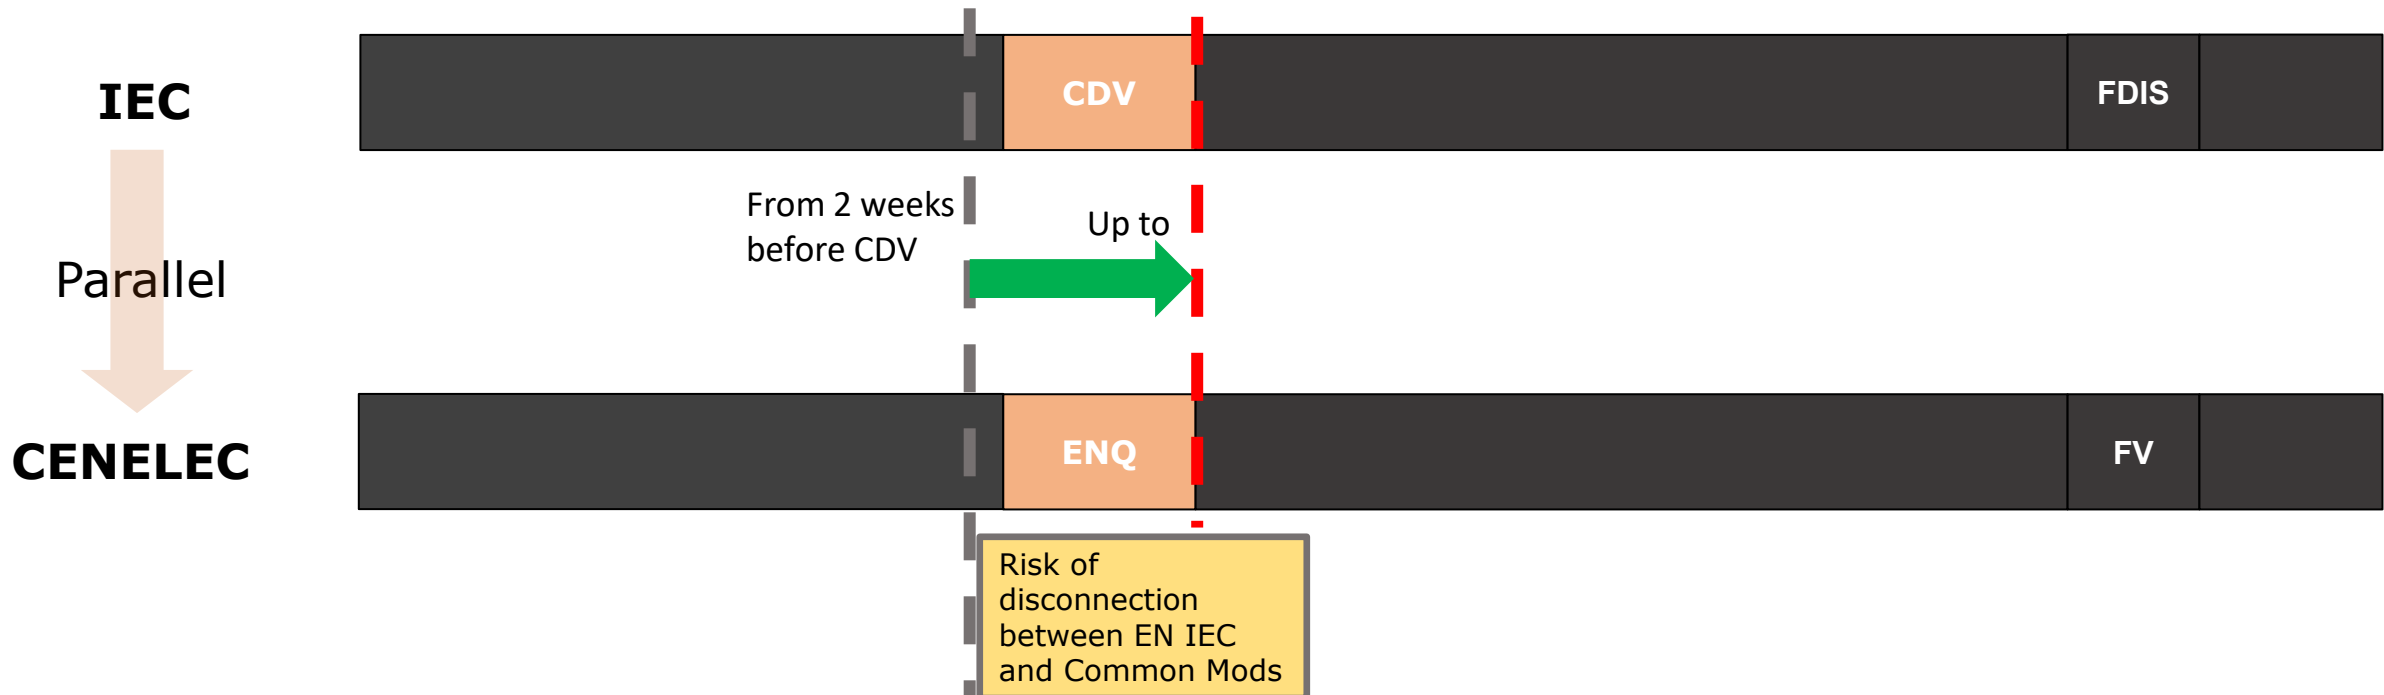

# Matrix of different possibilities

- TB action:**
- Notification to CCMC for creation of a Project for Amendment (A1x)
  - No NWI procedure necessary
- CCMC action:**
- Creation of Project for Amendment (A1x) in database

## Steps

CDV (from start till end)

# Matrix of different possibilities

## Steps

After end CDV	FDIS
---------------	------

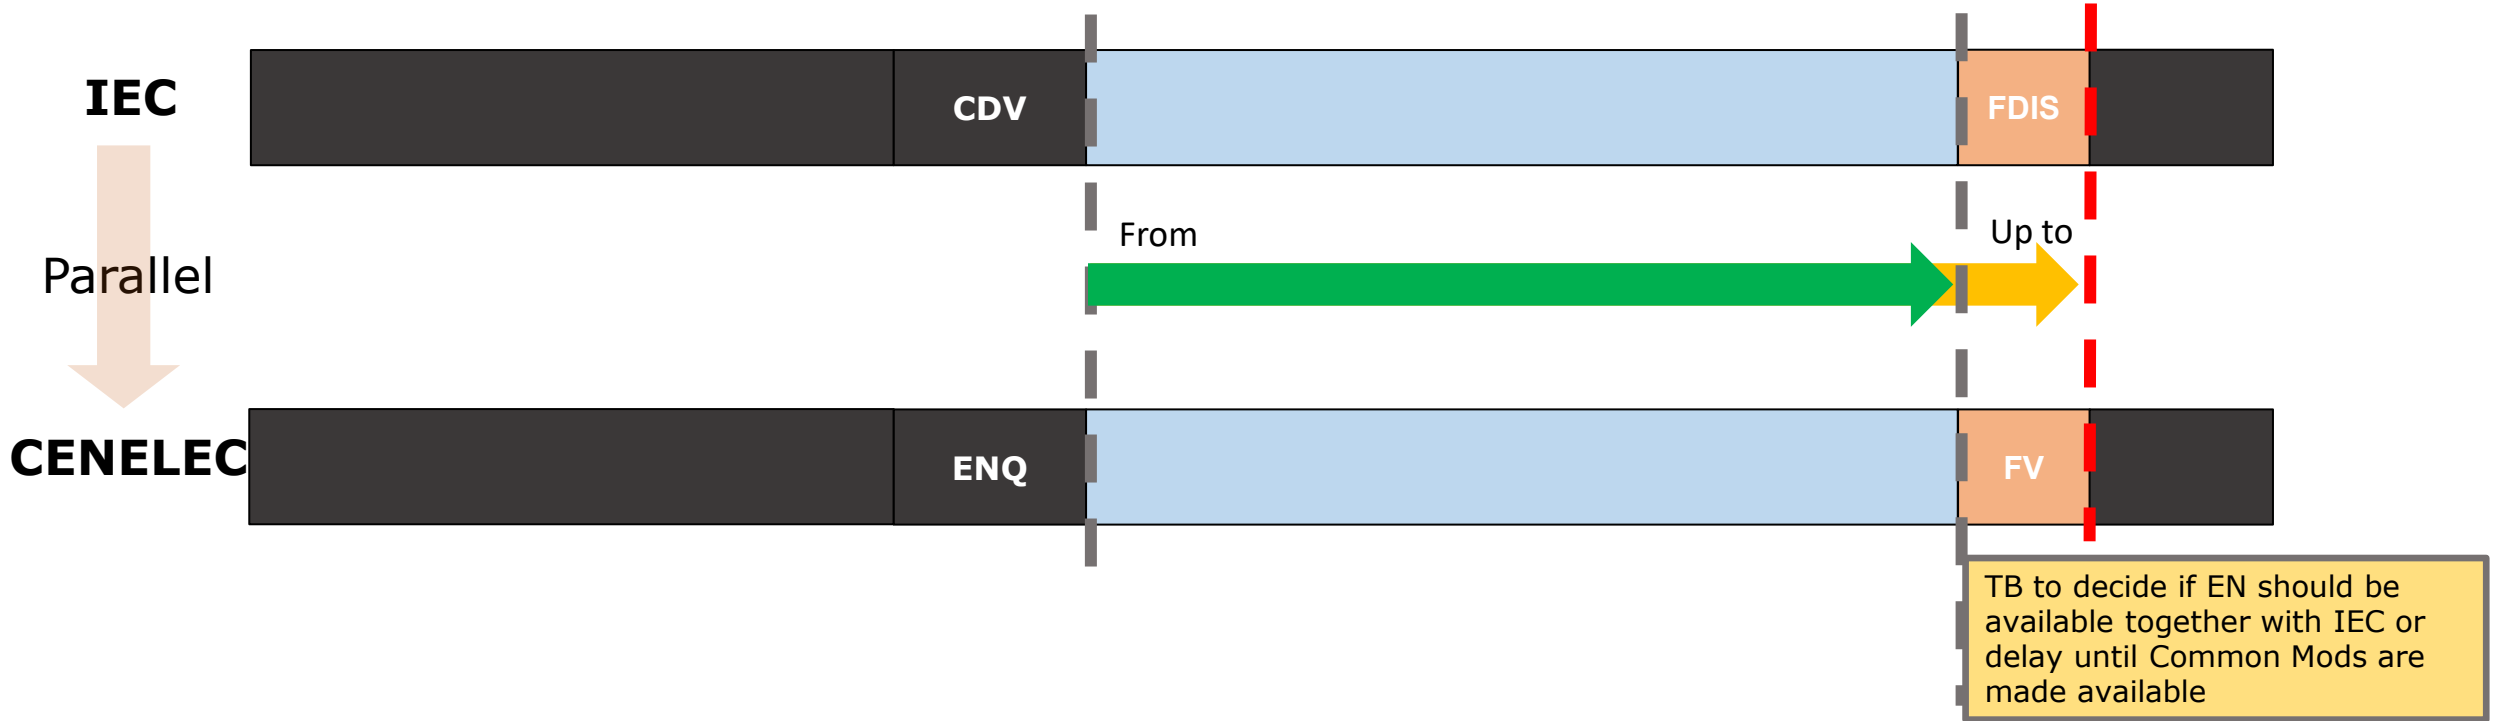

### TB action:

- NWI procedure for project of European Amendment (A1x)
- Common Mods Developed separately from standard

### CCMC action:

- Creation of project for Amendment (A1x) in database based on positive vote on NWI

Disconnection between EN IEC and Common Mods

# Matrix of different possibilities

## Steps

After EN IEC availability

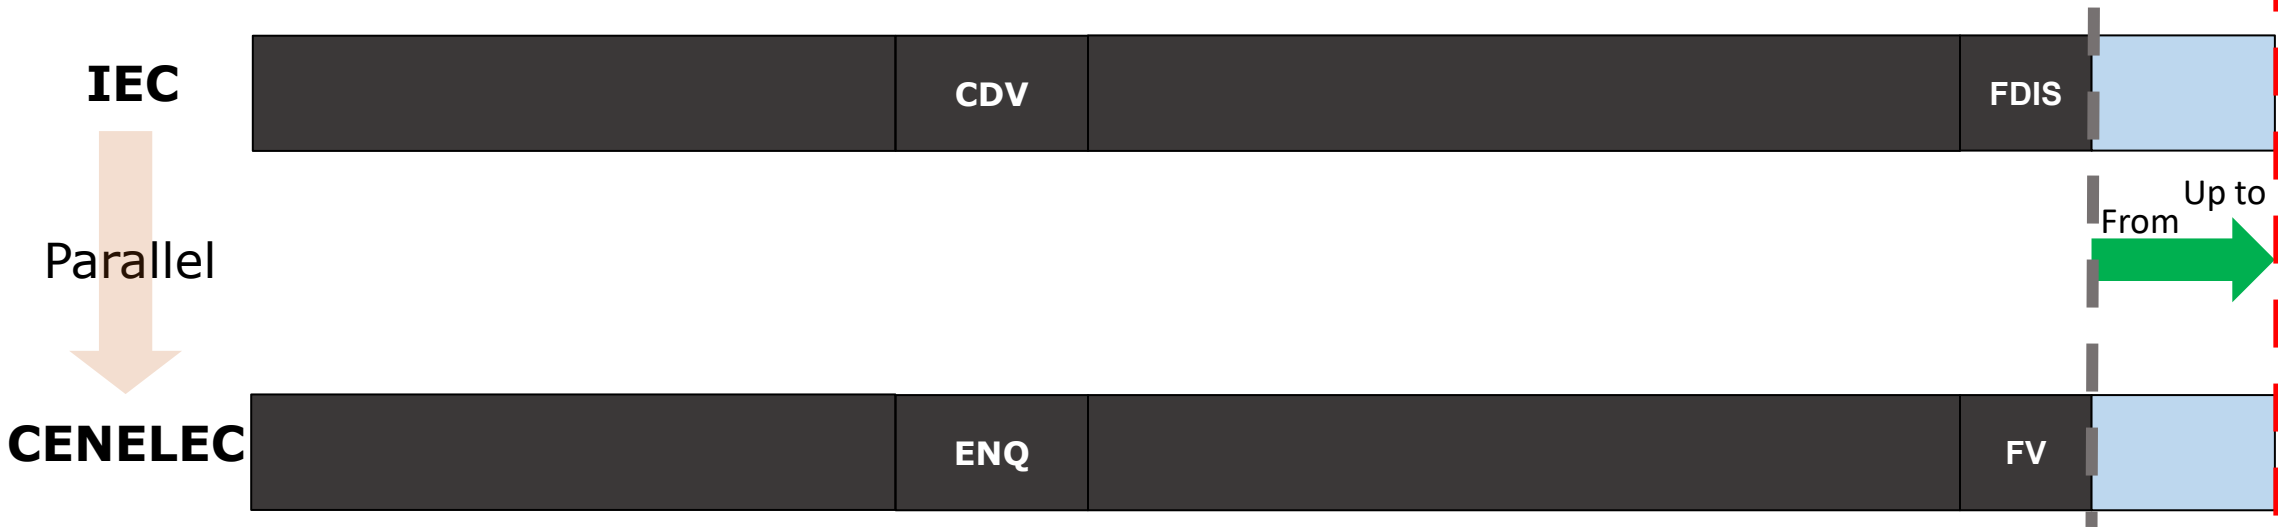

### TB action:

- NWI procedure for project of European Amendment (A1x)
- EN IEC is already made available and Amendment (A1x) will be made available when finalized by TB

### CCMC action:

- Creation of project for Amendment (A1x) in database, based on positive vote on NWI

Not parallel to IEC

# Matrix of different possibilities

**TB action:**

- Confirm to CCMC PM the link to Legislation and Standardization Request
- Can request, in advance, CCMC to deliver a 'draft Annex ZA'
- Annex ZZ/ZA to be submitted to CCMC

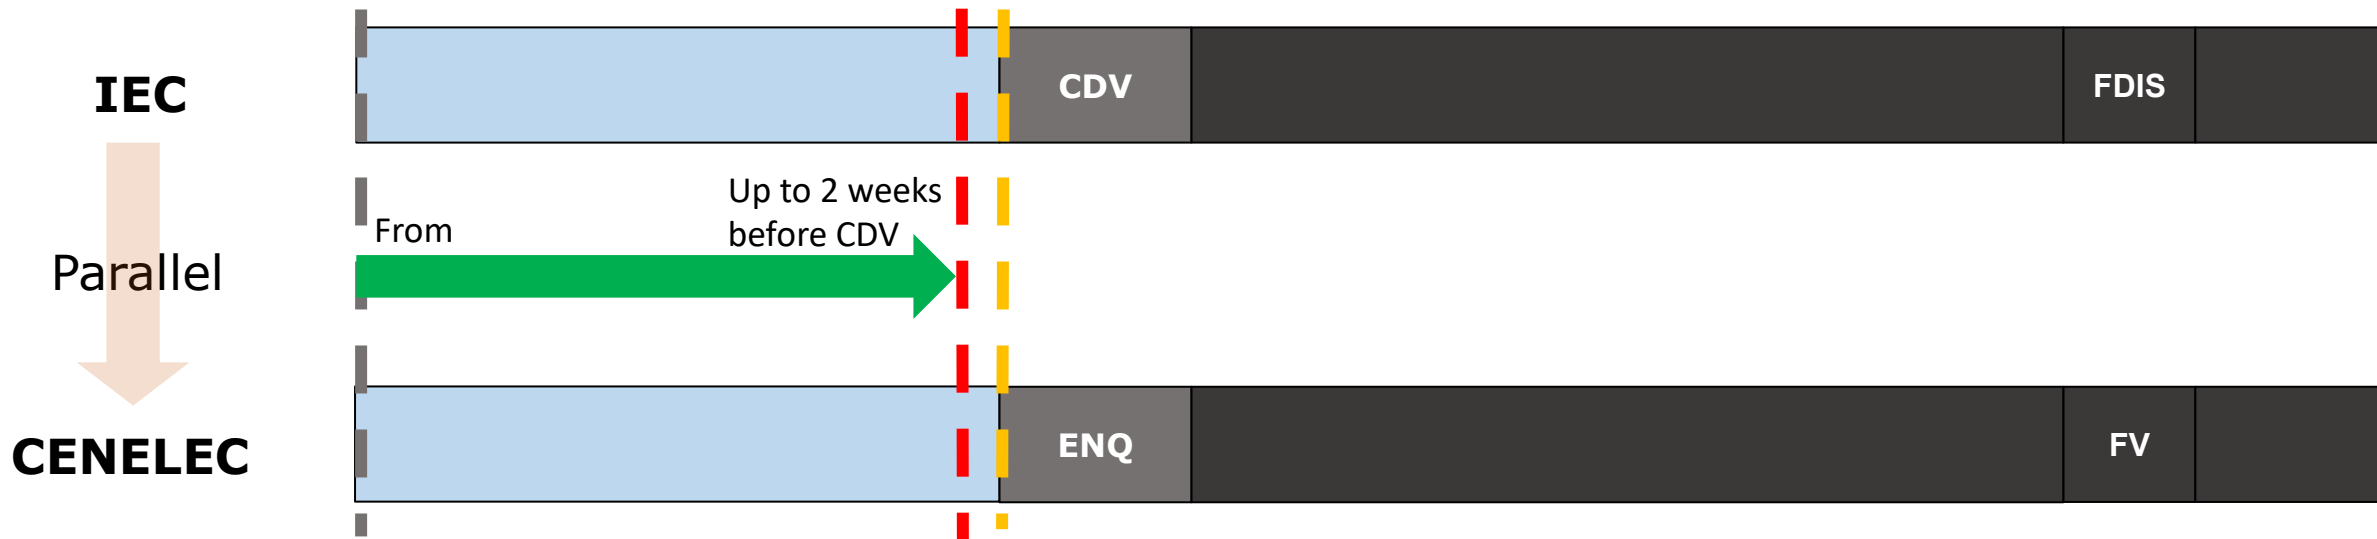

**CCMC action:**

- Update the information on Legislation links
- Circulates the Annex ZA/ZZ together with EN IEC (through dispatch notice)

Parallel with IEC stages through EN IEC procedure

**Steps**

NWI preparation (CENELEC -IEC based)	At the latest 2 weeks before CDV
--------------------------------------	----------------------------------

# Matrix of different possibilities

## Steps

At the latest 2 weeks before CDV	CDV (from start till end) and until one week before start of FDIS)
----------------------------------	--

### TB action:

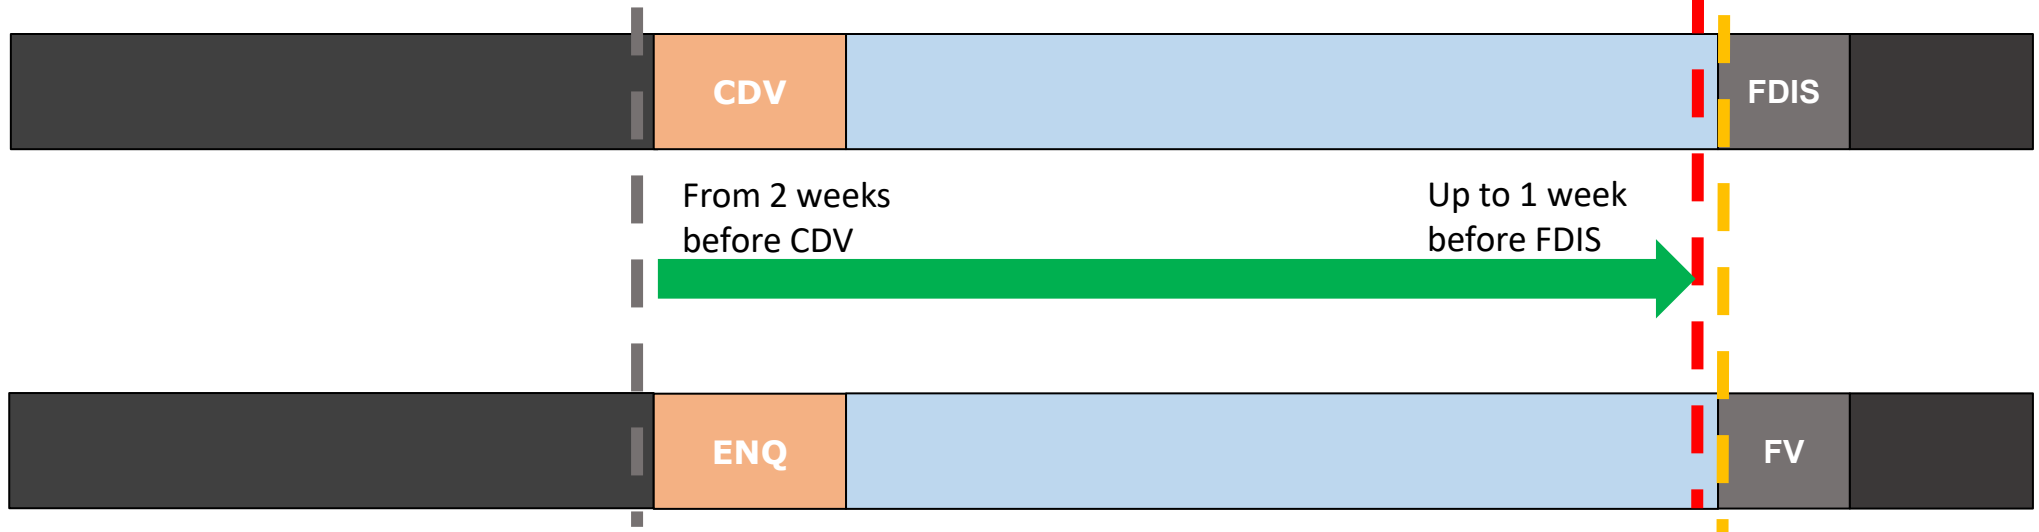

- No NWI procedure necessary
- Annex ZZ/ZA to be submitted to CCMC for HAS and/or EC assessment

### CCMC action:

- Creation of Project for Amendment (A1x) in database
- Request of HAS and/or EC assessment if Annex Z and Annex ZA received

Risk of disconnection between EN IEC and Annex ZA/ZZ

IEC  
↓  
Parallel  
↓  
CENELEC

# Matrix of different possibilities

**TB action:**

- NWI procedure to be followed to create for Annex ZA and ZZ as Amendment (A1x) for possible request of HAS and/or EC assessment
- Consider removing EN IEC link to Legislation until the Amendment (A1x) is made available

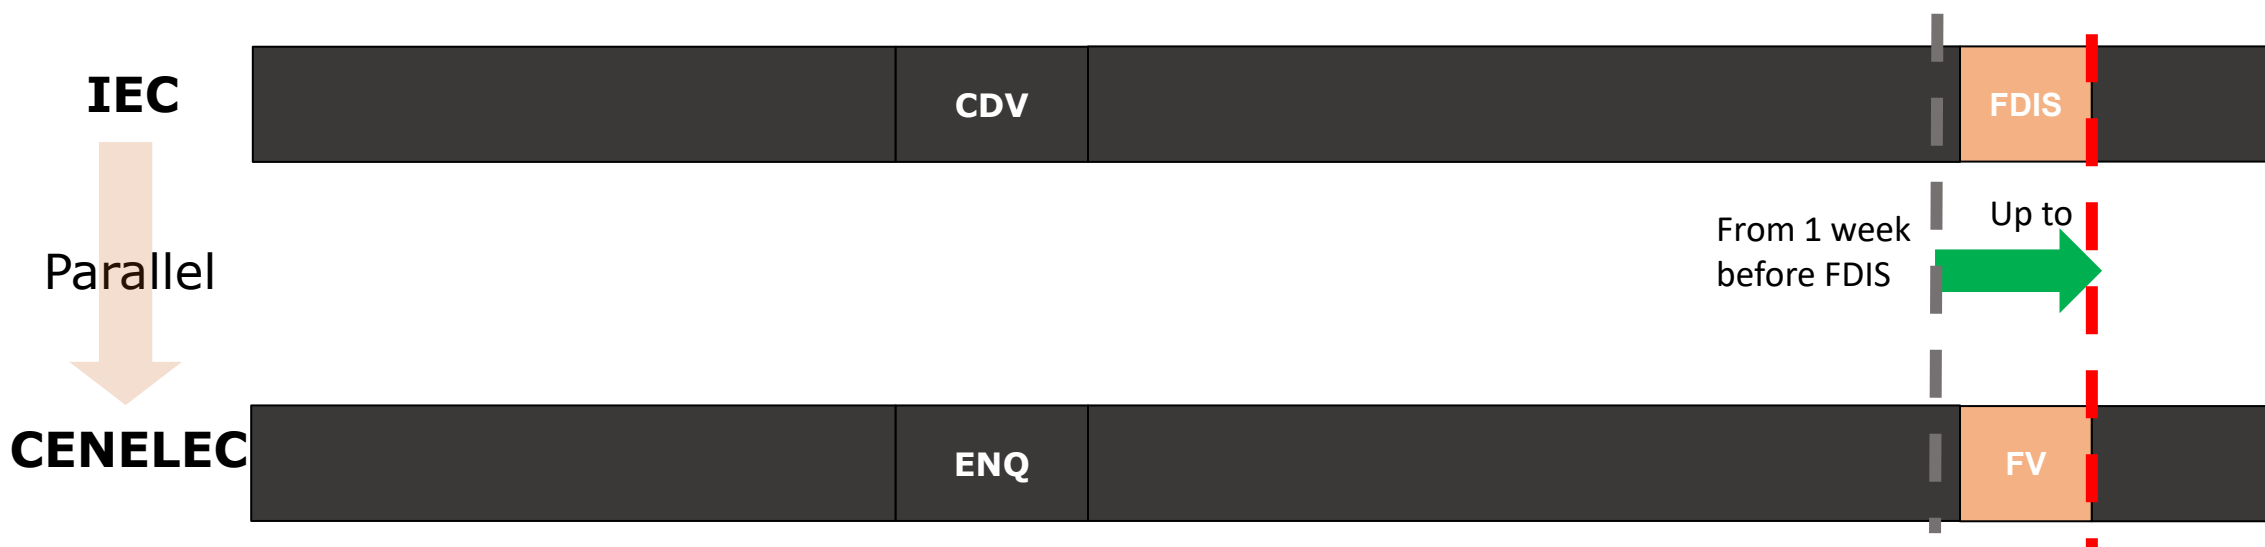

**CCMC action:**

- Creation of project for Amendment (A1x) in database, based on positive vote on NWI

Disconnection between EN IEC and Annex ZA/ZZ

**Steps**

One week before start of FDIS (and until end of FDIS)

# Matrix of different possibilities

## Steps

After EN IEC availability

### TB action:

- NWI procedure to be followed to create for Annex ZA and ZZ as Amendment (A1x) for possible request of HAS and/or EC assessment
- EN IEC is already made available and Amendment (A1x) will be made available when finalized by TB

### CCMC action:

- Creation of project for Amendment (A1x) in database, based on positive vote on NWI

Not parallel to IEC
