

HAS Consultant assessments in the standards development process

D159/C071 BT

- having noted
 - the background as provided in document BT N 11119 and BT159/DG10841/DV;
 - the 'draft proposal new process HAS Contractor/Consultants system interaction with the CEN-CENELEC process' (Annex 1 to BT N 11119 and BT159/DG10841/DV), as put forward by CEN-CLC/BTWG 12 'Harmonized standards and the European regulatory framework';
 - that the draft proposal needs further discussion with the Commission and the HAS Contractor for implementation;
- decided to
 - approve the document (Annex 1 to BT N 11119 and BT159/DG10841/DV) as a basis for discussions on the implementation of the new process with the Commissions HAS Contractor/HAS Consultant;
 - invite CEN-CLC/BTWG 12 to fine tune the draft proposal with the Commission and the HAS Contractor, within the framework of the rules and processes of CEN and CENELEC;
 - invite CEN-CLC/BTWG 12 to propose to the Common Session of the CEN and CENELEC BTs in May 2018 an inventory of CEN and CENELEC BT decisions in relation to the NAC-process to be repealed;
 - invite the CEN and CENELEC Ad-hoc Group of the JWG 'Rules and Processes' to take the necessary steps to move the translation procedures prior to FV and to propose an implementation for the associated necessary changes to 'preparation for formal vote' stage, in a holistic context (flexible standards development process, non-harmonized work,...).
